

Corporate Capital Funding's Objectives and Benefits

We are a client-based organization focusing on the needs of our customers and clients. Our services are designed to provide clients with the means to achieve their business goals by offering:

- **The ability to respond to a large variety of funding requests from Asset Based Lending to Commercial Loans, Equipment Financing, Real Estate Financing, SBA Financing, Private Placements, Equipment Leasing and Vehicle Leasing or Financing.**

With many established funding sources, Corporate Capital Funding has a substantial base of lenders covering all types of financing requests. We can provide funding on a local or national basis to local and national customers and clients.

- **Time savings for our clients who do not want to waste time pursuing financing from unwilling sources.**

By having the ability to reach the decision makers in the financing arena, Corporate Capital Funding can quickly evaluate the feasibility of a request and identify the best way to reach our clients' financing goals or objectives.

- **Active relationships with our funding base keeps Corporate Capital Funding up to date on changes in credit policy.**

Corporate Capital Funding regularly updates its information on funding sources status and changes in policy.

- **Experience in the review and evaluation of financing requests enables our clients to select the most favorable financing terms and present the benefits of various types of financing to our clients.**

With 40 years of combined experience in financing and the support group of professional underwriters, Corporate Capital Funding has the expertise to handle a variety of corporate financing requests.

Our goal is to provide our clients with the funding they require based upon their needs. We hope to develop a long-term relationship through a series of transactions of various types. Lastly, since Corporate Capital Funding works for our clients, we look to provide the funding our client's need and do not attempt to adapt their needs to any one funding source's prepackaged plan.

***Corporate Capital Funding
the Single Source for All Your Financing Needs!***
